HOPE APPAREL by ENDURA

The new HOPE APPAREL range is a collaboration between 2 UK companies - both industry leaders.

The result is a range of Hope branded, Endura made clothing with the same philosophy behind it as the machined parts in our range. Products we, as cyclists need, want and use.

The HOPE design team and riders have worked closely with Endura to bring you a range that works!

Each product has been designed with riders in mind, whether it's Paul as he wins another National Cyclo Cross or Dart as he rips his local trails, you can be sure that it is their experience that makes every HOPE product perform to the highest level.

Thanks for choosing HOPE APPAREL. Now go RIDE!

Hummvee FR Jersey & Singletrack FR Shorts both have a standard cut, this is more relaxed than the road/race cut with out being baggy.

Burner DH Jersey & Defcon DH Shorts have a relaxed and loose fitting style to allow body armour to be worn underneath the garment.
